

## Brand new inverter for sale in Hungary

What type of Inverter should I buy?

The three-phase inverters are also recommended for residential applications with high power outputs ranging from 3 to 15 kW. The MAX series includes commercially recommended mains inverters. The three-phase inverters range in power from 50 to 80 kW, with 6-7 working points. A great choice for those looking for a battery energy storage system.

Which inverter series is best for residential and commercial applications?

Specific inverter series are offered for residential and commercial applications, but all are characterized by outstanding quality and high efficiency. Due to their compact design and ease of installation, inverters in the MIC series are ideal for residential applications.

Which inverter is best for a solar PV system?

The three-phase inverters range in power from 50 to 80 kW, with 6-7 working points. A great choice for those looking for a battery energy storage system. The SPF series inverters are recommended for off-grid PV systems. They are compatible with lithium-ion batteries but also operate without any batteries.

Which inverter is best for a hybrid PV system?

The SPF series inverters are recommended for off-grid PV systems. They are compatible with lithium-ion batteries but also operate without any batteries. The SPH inverter series is recommended for those considering to operate a hybrid PV system. It is available in single-phase and three-phase versions.

Which inverter is best for a battery energy storage system?

A great choice for those looking for a battery energy storage system. The SPF series inverters are recommended for off-grid PV systems. They are compatible with lithium-ion batteries but also operate without any batteries. The SPH inverter series is recommended for those considering to operate a hybrid PV system.

Which SPH inverter series is best for a hybrid PV system?

The SPH inverter series is recommended for those considering to operate a hybrid PV system. It is available in single-phase and three-phase versions. GROWATT's wide range of products offers all our partners the right inverter for their specific purposes.
