

# Cabinet battery storage box and price

What is a battery cabinet?

A battery cabinet is a particular type of storage cabinet that reduces the risks associated with lithium-ion batteries. These innovative cabinets create a safer environment in which workplaces can charge and store their li-ion cells.

What is a lithium-ion battery charging & storage cabinet?

Storemasta's lithium-ion battery charging and storage cabinets provide a cool, dry and secure space for batteries to be housed and recharged. Why do I need lithium-ion battery safety training? Due to the risk of lithium-ion battery fires and explosions, staff must be trained to understand the hazards of the battery.

What is a battery storage box?

Battery storage boxes are an easy and convenient way of securing and storing batteries. They are sometimes referred to as battery cases or battery organisers. Battery storage boxes and cases are typically made from sturdy plastic and are shatter proof and drop proof.

How many batteries can a storemasta Battery Cabinet charge?

Storemasta battery cabinets are electrically certified with IP56 fittings,so can safely charge up to 18 batteriessimultaneously. With fully adjustable shelving and charging outlets,your cabinet can be quickly reconfigured to fit any size lithium-ion batteries and their chargers. Custom solutions are also available.
