

What does China Energy Engineering Corporation's landmark procurement mean for energy storage?

China Energy Engineering Corporation's landmark procurement signals a shift toward market-driven energy storage, with bids reflecting aggressive cost-cutting and rising industry consolidation.

How big is China's energy storage?

According to the China Energy Storage Alliance (CNESA), new storage installations in China reached 13.3 GW/32.1 GWh in the first five months of 2025, up 52.5% /41.8% year-on-year. The CEEC procurement was split into three packages, totaling 25 GWh and covering systems with durations of one, two, and four hours.

Will NDRC remove mandatory energy storage requirements for renewable projects?

The tender follows February's "Document No. 136" from the National Development and Reform Commission (NDRC), which removed mandatory energy storage requirements for renewable projects.

According to data from China's Energy Storage Application Branch (CESA), mainland China has seen a surge in energy storage activity, with 1,468 new project ...

PowerChina Announces Results of 2025-2026 Energy Storage Equipment Procurement. On December 4, Power Construction Corporation of China (PowerChina) ...

Figure 3: Installed capacity of new energy storage projects newly commissioned in China (2023.H1) In the first half of the year, the capacity of ...

Thus, this part needs to be summarized. Energy storage has entered the preliminary commercialization stage from the demonstration project stage in China. Therefore, ...

3 days ago ACME Solar has ordered 2 GWh of battery energy storage from Chuzhou Lishen through POSCO and China FAW Group, taking cumulative procurement beyond 5 GWh

June 25, 2025 | Beijing, China -- China Energy Engineering Group Co., Ltd. (CEEC), one of the country's leading state-owned energy conglomerates, has officially opened the bidding for its ...

China Energy Engineering Corporation (CEEC), a state-owned infrastructure giant, has launched one of China's largest energy storage procurements to date, tendering 25 GWh ...

This guide helps buyers navigate China's energy storage market, covering supplier selection, certification, pricing, logistics, and international ...

Project engineering, procurement, and construction (EPC) was provided by Nanjing NR Electric Co., Ltd., while the project's container energy storage battery system was supplied by Gotion ...

For 2025, the compensation standard for standalone new-type energy storage is set at RMB 0.35/kWh. Projects that fail to begin construction by June 30, 2025, will not be eligible ...

As the global energy transition accelerates, China's energy storage market is rising at an astonishing rate. It is predicted that China's energy storage market will exceed 100 ...

On October 12, Xinhua Botai (Bole) Power Investment Co., Ltd. issued a tender announcement for the tender section I: full-phase survey and design procurement project of Xinhua ...

China Energy Engineering Corporation (CEEC) has launched an auction for 25 GWh of lithium-iron phosphate battery systems. The tender launched by CEEC is structured into ...

The project, which is Malaysia's first large-scale electrochemical energy storage system, was undertaken by China Energy Engineering Group ...

This guide helps buyers navigate China's energy storage market, covering supplier selection, certification, pricing, logistics, and international trade compliance.

, spearheading the manufacturing of clean energy technologies and solutions. With its strong position in clean energy, China also holds the potential to lead the transformation of the ...

The engineering, procurement, and construction (EPC) works for this project were executed by a consortium comprising the State Grid Corporation of China and Riyadh-based ...

Bidding: According to the EESA database, a total of 2,465 new energy storage bidding announcements were tracked throughout 2024, representing a total scale of 126.1 GW / 368.2 ...

Polaris Energy Storage Network learned that on April 26, the list of winning candidates for the energy storage system equipment procurement of the China Resources ...

According to foreign media reports, the Saudi Power Procurement Company (SPPC) has officially announced the list of prequalified bidders for its first battery energy ...
