

EU container curtain wall wholesale

What is a curtain-sided container?

The curtain-sided container is available in 2 variations. Type A (L- or XL-approved) is equipped with a birch floor including aluminum side boards with stanchions and wooden planks and can be (un)loaded from 3 sides. Type A+ (XL-approved) is equipped with a lightweight bamboo floor, including the aluminum side boards, stanchions and bamboo planks.

Are curtain-sided containers safe?

That is why all our curtain-sided containers meet the strictest safety standards. The containers are equipped with advanced locking mechanisms and sturdy constructions to ensure that your cargo is always safe during transport. In addition, the containers are equipped with theft-proof curtains with heavy duty webbing.

Why should you choose a curtain-sided container?

In addition, the containers are equipped with theft-proof curtains with heavy duty webbing. This prevents theft and vandalism. These curtain-sided containers are also built with high-strength steel and lightweight floor materials in order to achieve an extremely low tare weight.
