

# Guyana PV hybrid inverter

Who is Guyana invertertec?

GUYANA INVERTERTEC is an emerging local green energy company which supports the local demand that exists for green energy equipment and advice which has grown into a significant distributor of automatic UPS inverter-chargers, solar inverters, and deep cycle batteries in Guyana. +592-226-3519 gcccommerce2009@gmail.com

How many solar homes are distributed in Guyana?

The GEA supported the implementation of a massive electrification project to supply, deliver, and distribute 30,000 solar home energy systems to hinterland and riverine communities in Guyana. A total of 26,398 units were distributed as of December 2023.

What does the Guyana Energy Agency do?

The Guyana Energy Agency continues to support national efforts in transforming the country's sustainable low-carbon pathway and the energy sector, as it contributes to providing cleaner, affordable energy access for all, as well as promoting energy efficiency and conservation practices.

How many EV charging stations are there in Guyana?

Six electric vehicle (EV) charging stations were installed for public use in Regions Three, Four and Six. This project marks the first publicly accessible charging infrastructure along Guyana's coast. (Office of the Prime Minister photo)

What did the GEA do for Guyana?

These advancements not only addressed rising electricity demand, but also expanded renewable-energy access across local communities. The GEA supported the implementation of a massive electrification project to supply, deliver, and distribute 30,000 solar home energy systems to hinterland and riverine communities in Guyana.

The SOGTICPS 10.2KW On/Off Grid Solar Hybrid Inverter is a cutting-edge energy solution designed for both home energy storage and off-grid applications. With a built-in 180A charge ...

These mini-grids will benefit students, teachers, healthcare workers and residents accessing the service. Each solar PV mini-grid has a hybrid ...

Stay prepared for blackouts with Guyana INVERTERTEC! Our reliable and affordable inverter and battery combo ensures your home stays powered when it matters most. Plus, this home UPS ...

Customers are asked to note that at this time customers are allowed to install systems under 100kWac (Inverter Rating) regardless of their consumption, subject to GPL's requirements for ...
