

How to install the battery cabinet site

How do I install a battery storage system?

install battery storage systems
INSTALL YOUR SYSTEM
The first thing to do when having a battery storage system installed is to ask to see the installer's Clean Energy Council Accredited Installer card. This shows that the installer is qualified to install your battery storage system.

How do you reinstall a battery cabinet?

Reinstall the left side panel on the left-most battery cabinet after interconnection. Push the third battery cabinet into position, align with the seismic anchoring (if any), level the battery cabinet, and interconnect with the other battery cabinets as described in step 2, step 3, and step 5.

How do you level a battery cabinet?

Remove the side panels that are adjacent to the other battery cabinets. Push the right-most battery cabinet into position. For seismic anchoring, ensure that the rear seismic bracket connects to the rear anchors. Lower the levelling feet until they connect with the floor - use a bubble-level to ensure that the cabinet is level.

Where can a battery be installed?

Batteries are usually installed outside or in a utility room (e.g. garage or basement) as they vent hydrogen when charged. Some batteries (usually lithium batteries) are designed to be wall mounted inside herproof enclosure, though you should check the manufacturer's instructions.

How long does it take to install a battery storage system?

It is qualified to install your battery storage system. The installation process for a battery storage system is usually very straightforward and only takes around 1-2 days (unless you are having a large system installed).

Can I move my battery storage system to a new home?

Under the new standard, you won't be able to reinstall it. Therefore, while it is technically possible to move your battery storage system to a new residence, you should check before you move that you will be able to reinstall the system. If the system is to be moved, it must be carefully dismantled and reinstalled.
