

# How to replace the battery at Huawei sites

How to replace the battery of a Huawei mobile phone?

Since the battery of Huawei mobile phones is not replaceable, the method to open and replace the battery is similar in the Huawei Mate, Huawei P or Huawei Y. We can find a step more or less, depending on whether the terminal has elements like the wireless charging coil, but this is something that is reserved for the high-end of the Chinese firm.

How much does it cost to replace a Huawei battery?

Use genuine HUAWEI battery spare parts for a longer life and a safer and more reliable performance of your device. Replace a new battery for smartphones at €59, tablets at €69, and notebooks at €99 without any additional fees. 90 days HUAWEI official warranty for your battery replacement.

How long does a Huawei mobile battery last?

In Huawei's warranty policies, we clearly read that the battery built into your mobile is covered for 24 months. It is important to point out this point, since before venturing to disassemble your mobile, you may still be covered and can benefit from the guarantee to proceed with the replacement if necessary.

Does Huawei warranty cover a battery?

On the other hand, you may be thinking that your battery is not covered by the official Huawei warranty if six months have passed since you bought the mobile. But the truth is that we are facing a belief that goes back to the times of removable batteries.

Who provides battery replacement service?

The battery replacement service is provided by HUAWEI Authorised Service Centres. Applicable models depend on the battery spare parts inventory. Should HUAWEI Authorised Service Centres do not have battery in stock, a longer repair time might apply.

What should I do if my phone battery is swollen?

If your battery is swollen, take appropriate precautions. For your safety, discharge your battery below 25% before disassembling your phone. This reduces the risk of a dangerous thermal event if the battery is accidentally damaged during the repair.
