

The energy minister of Italy has signed a decree paving the way for an energy storage capacity auction to kick off in the first half of 2025.

BW ESS is a part of BW Group, a global energy and maritime infrastructure company with a growing portfolio of clean energy investments, including batteries, solar, ...

1 day ago; The utility currently has nearly 1,300 MW of energy storage currently supporting its grid, which includes 1,100 MW of battery storage-- spanning eight facilities-- and 200 MW of ...

Whether you're a solar developer, grid operator, or sustainability enthusiast, Italy's blueprint offers actionable insights into policy-driven growth and technological leaps.

Italy has approved 361 MW of battery energy storage systems to support renewable energy and grid stability across Lazio, Puglia, and Sardinia.

2 days ago; Eliano Russo, Zelestra's country manager in Italy, said: "With this major battery storage project, we will support BKW's needs to access clean and reliable power for their ...

Discover the importance of battery storage systems and the role of Enel Green Power in their growth in Italy and for the stability and security of electrical grid.

Italy's renewable energy challenge hinges on its continued implementation of and support for energy storage systems. Energy storage can help bridge the north-south ...

Italy, which has always been a pioneer in renewable energy, continues to innovate with BESS (Battery Energy Storage Systems). Enel is leading this revolution with advanced ...

Cubico Sustainable Investments has formed a joint venture (JV) with a local developer in Italy to develop 1GW-plus of battery energy storage ...

Italy concluded the year 2023 with an impressive tally of 518,947 energy storage systems (ESS) integrated into the grid, marking a notable surge from the preceding year. According to data ...

The results of Italy's main grid capacity market auction for 2025, published by Terna, show energy storage represented 51.1% of the 174 MW of new capacity assigned. ...

1 day ago; Zelestra, a global, multi-technology, customer-focused renewable energy company, has

signed a long-term tolling agreement with BKW, a leading energy and infrastructure ...

This month we speak to Marco Petrone, CEO of Telis Energy Italy, about the role of Battery Energy Storage Systems (BESS) in fast-tracking the future of energy in Italy.

Cubico Sustainable Investments has formed a joint venture (JV) with a local developer in Italy to develop 1GW-plus of battery energy storage system (BESS) projects.

Italian electricity TSO Terna has received more than 100 GW of requests to participate in the energy storage auction it is planning before ...

Italy's energy storage landscape is undergoing a major shift, with utility-scale battery energy storage systems (BESS) experiencing exponential growth in 2024, even as ...

1 day ago· Eliano Russo, Zelestra's country manager in Italy, said: «With this major battery storage project, we will support BKW's needs to access clean and reliable power for their ...

12 hours ago· ENGIE is partnering with Kraken to manage its Italian storage sites, starting with batteries in Sicily and Terni to optimise renewables, reduce grid congestion and protect ...
