

# Kazakhstan 13kw inverter quotation

Is Kazakhstan a solar superpower?

Nearly a decade down the line, Kazakhstan has recorded outstanding success. Some solar industry experts argue that the country is currently central Asia's solar superpower. According to the IREA, Kazakhstan's installed solar capacity stands at approximately 500 Megawatts.

Can You import solar equipment from Kazakhstan?

Kazakhstan boasts of several solar equipment suppliers. Consequently, it is accurate to say that it can supply different categories of solar equipment. Still, you can easily import any locally unavailable solar equipment. There are several ports in Kazakhstan through which you can receive your solar equipment.

Does Kazakhstan have a solar market?

It is also worth noting that the Eurasian Development Bank (EDB) plans to invest \$600 million in Kazakhstan's solar market. This means that the market will continue to grow and generate opportunities for solar installers and solar professionals. Does Kazakhstan have the capacity to supply solar equipment?
