

Nordic mobile energy storage power supply manufacturer

Who is Nordic batteries?

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, and power grids. Leveraging automated production and innovative technology, they deliver high-performance, safe, and sustainable energy solutions.

What products does Nordic batteries offer?

Nordic Batteries' technology portfolio centers on two main product lines: ePOWER and eENERGY modules. The ePOWER series delivers high-power output for demanding industrial applications, while the eENERGY modules provide extended duration energy storage capabilities.

What makes Nordic batteries a sustainable brand?

Nordic Batteries also emphasizes sustainability in their production methods, using renewable energy sources throughout their manufacturing processes. Their battery designs consider the complete lifecycle, including potential second-life applications and eventual recycling, supporting circular economy principles.

Who invested in Nordic batteries?

Nordic Batteries has received substantial investment from several Norwegian entities. Kongsberg Innovation, through its Pre-Såkorn Fond, provides significant financial backing and technical support. Vardar AS, an energy group owned by former Buskerud county municipalities, has invested in the company.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

Is Northvolt a good energy storage company?

Northvolt, as one of the top 10 energy storage companies in Sweden, founded in 2015 by former Tesla executives, is a Swedish battery manufacturer specializing in lithium-ion technology for electric vehicles and energy storage.

At HST Nordic (559519-9372), we engineer, procure, and construct high-impact renewable energy and industrial projects across Sweden and beyond. As part of a globally recognized industrial ...

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid ...

Nordic mobile energy storage power supply manufacturer

Why Tallinn's PV Energy Storage Scene Matters in 2025 If you're Googling "Tallinn PV energy storage manufacturers ranking", you're either a solar enthusiast, an industry ...

Our battery energy storage solutions are designed, developed, and manufactured in Finland. From inverters to control and protection systems, everything is crafted locally to ensure high ...

Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products. The company bridges the gap between battery cell ...

At the time, Sweden's Minister of Climate and Environment, Romina Pourmokhtari, was responsible for overseeing the grid connection. In comments at the ceremony, ...

Introducing our 150W outdoor energy storage power supply, a reliable and portable mobile power source for your camping and outdoor adventures! Equipped with high capacity batteries, this ...

Samsung-Sungrow SDI Energy Storage Launched Sungrow, the world's largest PV inverter manufacturer, announces the official start of operations of Sungrow-Samsung SDI Energy ...

51.2V 100AH Emergency energy storage power supply series is specially designed for emergency relief, outdoor camping, construction site, home energy storage power backup and other ...

Shenzhen Youess Energy Storage Technology Co.,ltd is a Energy Storage Company The R& D team members have 10+ years of technology research ...

Xiaofu Power EV mobile charger Our current main product is Mobile charging system and electric car emergency charger with built-in lifepo4 batteries. In ...

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, ...

A poorly designed mobile energy storage power supply motherboard that couldn't handle temperature swings. This scenario explains why engineers, outdoor enthusiasts, and even ...

BatteryLoop is a manufacturer of innovative energy storage systems that enhance power supply and reduce costs by utilizing reused electric vehicle batteries. Their expertise in energy ...

What does Nordic batteries do? We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, ...

Nordic mobile energy storage power supply manufacturer

The company, Giertsen Energy Solutions, specializes in providing high-quality solar-powered solutions that ensure uninterrupted power supply for homeowners. Their all-in-one solar and ...

Madrid, Spain - September 5, 2025 -- HiTHIUM, a leading global company in long-duration energy storage technology, today announced it has signed a supply agreement (MSA) with ...

At Nordic Batteries we assemble and manufacture customized battery- and energy storage solutions to drive your business forward. Based on our market and technological expertise we ...

Their all-in-one solar and storage kits offer guaranteed energy independence and cost-efficient power, making them a reliable partner for those seeking to take control of their energy ...

Morrow Batteries, Nordic Batteries and Eldrift join forces to build Norwegian battery supply-chain Nordic Batteries announces it is entering into a strategic partnership with Morrow Batteries and ...

Nordic mobile energy storage power supply manufacturer
