

# Outdoor power box specifications

What is an outdoor ground box?

Ground-level power, right where you need it. It's the first UL-listed while in use in-ground box that provides permanent power and is always "on." Make the most of your outdoor spaces by delivering power, data, or AV connectivity with the new Outdoor Ground Box. Its low-profile design mounts flush with any outdoor ground surface.

Are Lex portable power distribution boxes waterproof?

Lex products portable power distribution units have NEMA 3R, 3R Weather Resistant or 3R Rainproof environmental ratings depending on the distro box. The indoor distro boxes have a NEMA 1 Indoor environmental rating, like the versatile 100 amp 3 phase PowerHOUSE (TM) Pagoda portable distribution box.

How many amps does a power distribution box have?

Our power distribution boxes range from 20-800 Amps and are well known for being durable, long lasting and safe. Load Master (TM) Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads.

What is the best power doghouse box?

Both stackable and compact for easy storage, the Lex Products Bento Box™ is the power doghouse box you want. The Bento Box™ is the smallest most portable power distribution pack in its class. This Bento Box™ series features multiple boxes that can be connected together for multiple power distribution locations from one easy source.

What are load master TM series portable power distribution boxes?

Load Master (TM) Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads. These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings.

What are the features of the outdoor PowerRACK TM Slim combo panel?

The Outdoor PowerRACK (TM) Slim Combo panel features (6) 50A California Style devices for spider and RV distribution, (5) L21-20 Twist Lock receptacles for QBS connections and (1) CAM Set with an adjustable 60A - 150A breaker.
