How much does a solar PV system cost in Ireland?

A solar PV system costs between EUR4,600 - EUR8,700 in Ireland in 2025 with the SEAI grant. The exact price will depend on the number and type of solar panels used. You can expect the peak solar output of your solar PV system to be between 1.76kWp to 7.04kWp.

Are solar panels a good investment in Ireland?

In this guide, our experts at IDEAL Solar and Electrical will walk you through the typical costs of solar panels in Dublin and across Ireland, the savings you can expect, and why solar panels might be one of the best upgrades you can make to Irish homes and businesses, both for your wallet and for the planet.

How much does a commercial solar panel installation cost in Ireland?

The cost of commercial PV panel installations depends on the size and complexity of the project. The price per watt may decrease for larger systems due to economies of scale. Commercial solar PV installations in Ireland cost between EUR15,000 and EUR200,000 or more, depending on the project's size and requirements.

How much do bifacial solar panels cost in Ireland?

Bifacial solar panels are changing the game for Irish homeowners by generating power from both sides of the panel. They capture not only direct sunlight but also reflected light, making them a great fit for Ireland's often cloudy weather. A typical 4 kW bifacial system in Ireland costs between EUR8,000 and EUR12,000, including installation.

Are solar panels a practical option for Irish homeowners?

Solar panels are becoming a practical option for Irish homeowners, even with the country's cloudy weather. With grants reducing costs by up to EUR2,100, a 4kW system can save up to EUR800 annually on electricity bills. Here's a quick look at seven solar panel types to help you choose the best fit for your home:

Are polycrystalline solar panels a good choice in Ireland?

For Irish homeowners looking for a cost-effective and durable solar option, polycrystalline panels offer a good mix of affordability and performance. These blue-toned panels, made from multiple silicon crystals, work well in Ireland's often unpredictable weather.
