

# Solar integrated outdoor lighting

What are outdoor solar lights?

Outdoor solar lights simplify exterior illumination, offering beautiful, functional lighting without the need for wiring. These lights are available in a variety of forms to help improve home safety and security, light up patios and walking paths, or create a cozy glow around your lawn, garden, or pool.

What are the different types of outdoor solar lights?

Based on their light output, outdoor solar lights fall into three general types: motion-activated, dusk-to-dawn, and timer-controlled. Because of solar cell size and battery capacity, the solar energy gathered is a limited resource, so consider when you want the lights to shine and for how long.

Are solar lights a good option for outdoor space?

One great way to illuminate your outdoor space is with solar lights. Sarah Jameson, marketing director of Green Building Elements, says, "Solar lights, compared to low voltage and line voltage outdoor lights, are safer and more DIY-friendly since there's little to no wiring required at all.

Can outdoor solar lights go anywhere?

Outdoor solar lights can go just about anywhere as long as the solar panel receives enough sunshine. Once installed, outdoor solar lights are low maintenance. These lights often use long-lasting LED bulbs, and some may need a fresh battery only every few years to maintain performance.

Are outdoor solar lights eco-friendly?

Once installed, outdoor solar lights are low maintenance. These lights often use long-lasting LED bulbs, and some may need a fresh battery only every few years to maintain performance. Like other solar-powered products, these self-sufficient lights are eco-friendly and won't add a single cent to your electric bill.

What are the best solar powered outdoor string lights?

If you're looking for a set of string lights, we loved the Brightech Ambience Pro Solar Powered Outdoor String Lights, because they held up to water and freezing temperatures. At our testing lab in Des Moines, Iowa, we put 27 outdoor solar lights to the test.
