What is a shp modular power supply?

The SHP Series: Heavy Duty Modular Power Supplies modular design makes these units easy to customize for unusual voltage and power combinations, and the intelligent modules allow the use of I 2 C or CANBUS/RS485 communication to monitor and control many attributes of the power supply.

What is a SCP x power supply?

The SCP-X is a rugged power supply designed for use in extreme environments. The metal case reduces costs by eliminating separate enclosures and the quick change connectors simplify connectivity for distributed I/O devices on industrial machinery. This model provides 24 Vdc output with limited power to meet Class 2 requirements.

What is a SFL power supply?

The SFL series is a DIN Rail switching power supply series that complements the Sola SDN products with more input voltage, output voltage and power levels to give an even broader range of industrial DC power solutions. These products are available in 12, 24 and 48 VDC output and 115/230 VAC Input.

How many outputs does a modular power supply have?

These high power, modular power supplies, from 1500 through 2000 watts, are capable of up to 12 independent outputs. Modular design makes these units easy to customize for unusual voltage and power combinations. All units have power factor corrected inputs, an end mounted fan for cooling and a variety of built-in signals and controls.

Does Sola/Hevi-duty offer ODVA power supplies?

As a member of the Open DeviceNet Vendors Association (ODVA), Sola/Hevi-Duty has designed two power supplies specifically for DeviceNet applications. Sola's SDN DeviceNet™ models meet ODVA specifications for power supplies for either Thin or Thick cable applications.

What types of power supplies does Sola/Hevi-duty offer?

Sola/Hevi-Duty offers a wide variety of power supplies that suit almost any industrial application. Updated approvals and user friendly features make power system design easy. Sola's product line includes one of the broadest ranges of DIN Rail and linear-based power supplies in the marketplace.
