

Uninterruptible Outdoor Power Supply with Batteries

What is an Uninterruptible Power Supply (UPS)?

An Uninterruptible Power Supply (UPS) is a battery backup power system that provides reliable power to your grid-powered applications in case of an unplanned outage, blackout, brownout, or power dip. Solis Energy's UPS keeps your devices on short-term power until regular grid power is restored.

What is an outdoor UPS power system?

Encased in a durable IP68 housing, it guarantees durability even in harsh weather conditions. With a wide input voltage range (100 to 240V AC) and operating temperatures from -4°F to 140°F, the Outdoor UPS Power System ensures consistent performance and system reliability in inclement outdoor environments.

Is an uninterruptible power supply worth the investment?

But if you want to keep your home Wi-Fi network and some other key electronics up and running in the event of an outage, an uninterruptible power supply, or UPS, is worth the investment.

What is a weatherproof UPS backup system?

Weatherproof UPS backup systems for emergency backup power. Our AC/DC Outdoor UPS(TM) back-up systems provide a complete, uninterruptible power supply that integrates quickly with batteries, loads, and monitors. DC systems are available in 12, 24 and 48 volt. AC systems are available in 120 VAC configurations.

What products are included in a power supply system?

This includes hardened outdoor enclosures, uninterruptible power supply (UPS) modules, specialty batteries, accessories and generators that can be custom integrated to meet your application.

Does upspro support small?

Support small. Learn more The UPSPro series outdoor systems are designed for applications that require a backup power source in order to maintain uninterrupted service in the event of AC power failure. The system is powered over a CAT5 network cable via Power over Ethernet (PoE) using a Power Supply and PoE Inserter (included).

The UPS1048 features with overload and over-voltage protection and includes AGM sealed lead acid battery backup is housed in a weather-protected IP68 enclosure. It provides a wide input ...

An uninterruptible power supply (UPS), offers guaranteed power protection for connected electronics. When power is interrupted, or fluctuates outside safe ...

Uninterruptible Outdoor Power Supply with Batteries

Our AC/DC Outdoor UPS(TM) back-up systems provide a complete, uninterruptible power supply that integrates quickly with batteries, loads, and monitors. DC systems are available in 12, 24 ...
